Informational Items:

Elementary Specials and Secondary Scheduling Committee Work

Larry Killips updated the committee on the elementary specials and secondary scheduling committee work thus far. A handout was given showing the survey results and suggestions for what could be done differently with the elementary specials. It also displayed what the most pressing needs were at the secondary level and identified and prioritized these needs and strategies. A survey was also conducted with school districts in the state that were close in size to us. Results of this survey were shared with the committee.

Meeting adjourned at 5:08 p.m.

An M-STEP parent rep training took place following the CIC meeting.
