

## ANGIE "NORDQUIST" SCHUSTER CLASS OF 1998

One of Portage Central's great all-around female athletes. Angie is one of the few athletes to earn All-State honors in three different sports her senior year. In volleyball she was a force on the floor earning All-State honors. As on the basketball court Angie still holds the single-season record of rebounds. As the goalie on the water polo team, she helped Portage to a third-place finish in the state championships her senior year, while earning all-state honors. Also a leader in the classroom and she was Portage Central's Valedictorian her senior year. And she went on to play collegiately at Valparaiso University, where she achieved records as a all-conference volleyball player during her four year career.

**Biggest highlight in athletics:** *The joy of playing a new sport each season and the challenges that came with each sport.*

### Portage Central and College Honors
