

BRAD JOHNSON, CLASS OF 1983

A three sport stand out in the early 80's for the Mustangs, Brad Johnson excelled in football, basketball, and baseball while earning a total of eight varsity letters. Using his athletic skill coupled with his great sport awareness; Brad would rarely be outsmarted on the field. Brad is one of the few athletes to be named captain in three different sports his senior year and earn all-conference honors in all three sports. Not only did Brad excel on the field, but also in the classroom, earning the B'nai B'rith scholar/athlete award his senior year.

Biggest thrill in athletics: *“although I might have not realized it at the time, but having my father as my head coach in baseball is the most rewarding experience I've had as a player. Memories of home runs and touchdowns have faded, but human relationships, especially with family, endure forever”.*
