

**DR. WILLIAM R. KAVANAUGH TEAM DOCTOR 1948-96**, truly loved being the team physician for Portage Central High School. Nobody bled the blue and gold more than Doc. He served as team physician for PCHS from 1948, the first year Portage High fielded a football team, until his death in 1996. While Doc supported all athletic activities at PC, he was most associated with the football program. Many will always remember the tossing of his red hat after a Mustang touchdown. In 1966, the passing of the Kavanaugh Football Trophy became part of an ongoing tradition to the winner of the annual Portage Central/Portage Northern football game.
