

MIKE HART CLASS OF 1970

Mike Hart, the son of Hall of Famer Jim Hart, long time Mustang baseball coach. Mike is one of only handful of Mustangs who has gone on and played at the professional level. Considered one of the greatest athletes for the Mustangs in the 1960s, Mike starred in baseball and basketball. Mike lettered in baseball, basketball, football and track. Due to an injury Mike sat out of sports his senior year, but went on to play baseball at KVCC, where he became one of the leading homerun hitters at the junior college level. Drafted by the Montreal Expos in 1972, Mike played 12 years of professional baseball and then went on to coach baseball, another 22 yrs. at the professional level.

Biggest thrill in Athletics: having the opportunity to play 12 years of professional baseball and then getting another opportunity to coach and manage for another 22 years in professional baseball.
