

Requesting PE classes at Portage Central High School

One Type of PE class, part of the year or all year:

You can take a PE class for one semester (half credit) or for one full year (one credit).

If you want to take a PE class for one semester, or a half credit, you may use the code with no number next to it.

For example, **P021 Team Sports** will be half a year or half a credit (0.5).

For example, **P011 Fitness for Life** will be a half year or half a credit (0.5).

If you use both of these codes, you will have Team Sports one time in the year and Fitness for Life one time in the year.

Same Type of PE class all year, which is two of the same classes:

If you want to take the **same PE** class for a full year or for one credit, you will need to use the second code with a **(2)**: For example Team Sports all year would need P021 Team Sports and P023 Team Sports **(2)**. When requested together, both of these classes will be for one year or one credit.

Here are the codes for all of the PE classes. Remember, using the code **one time** for a half credit is for half the year. Only use the **(2)** if you want to take the **same course a second time during the school year or if you want to request a second PE class in the alternatives**. These courses will be in Skyward.

P011 Fitness for Life

P013 Fitness for Life (2)

P021 Team Sports

P023 Team Sports (2)

P051 Aquatics and Fitness

P053 Aquatics and Fitness (2)
